Security Consultant and Contractor   http://www.coalfire.com
Coalfire Public Sector   http://coalfireiso.com
7200 S Alton Way #300   Jan 2013 – Oct 2015
Centennial, CO. 80112   (303) 243-5300

Coalfire is an industry leader in Governance, Risk and Compliance and IT audit solutions. As a member of the
Public Sector team I was responsible for GRC system design (ISO 27001), Quality Assurance
for federal program (FISMA, FedRAMP) and provided IT Audit support to ACA, FISMA and ISO 27001
clients. My work has led to the accreditation of Coalfire as a certified ISO 27001 auditing company (ISO
17020). I also worked for Coalfire as an independent contractor developing ISO 27001 solutions for
commercial clients

Risk Management Lead (Contractor)   http://www.doi.gov/ocio/information_assurance/index.cfm
US Department of the Interior   Jun 2014 to June 2015
Interior Business Center (IBC)
Denver, CO. 80235

As a subcontractor to DOI through Access Data Consulting Corporation (ADCC) and Digital Management, Inc. (DMI)
I delivered risk management services to the Office of the Chief Information Officer (OCIO). I developed and delivered
weekly and monthly reports for management and customer on project status, milestones, accomplishments, and issues.
I managed a staff of information security professionals, hired and trained new staff, conducted performance reviews,
and provided leadership and coaching, including technical and personal development for team members.
Primarily, I coordinated POAMs (risk management) and IT security documentation for 40 DOI systems to include all
artifacts required by the National Institute of Standards and Technology (NIST) and the Federal Information Security
Management Act of 2002(FISMA).

Manager – Information Security   http://rpsc.raytheon.com
Raytheon Technical Services (Polar Services)   May 2010 to March2012
7400 S. Tucson Way   (720) 568-2128
Centennial, CO. 80112

Raytheon Polar Services (RPS) delivered the the Antarctic Support Contractor (ASC) to the National Science
Foundation (NSF) Office of Polar Programs from 2000-12. The ASC provided support to the United States
Antarctic Program (USAP), which is dedicated to sustaining the Antarctic environment and funding scientists
who conduct research in Antarctica. As the RPSC Manager, Information Security, I managed the delivery of a
comprehensive security and privacy program for the NSF USAP enterprise network. I led a team of IT
professionals in the delivery of Security Engineering, Governance, Risk and Compliance and Program
Management services

Associate (IT Security Architect)   http://boozallen.com
Booz Allen Hamilton   July 2005 to August 2009
5283 Greensboro Dr.   (703) 902-5000
McLean, Va.. 22102

Mr. Weil worked as an IT Security Architect for the Enterprise Security Integration (ESI) team with Booz Allen's Civil
IA organization. Within this group he managed service delivery to numerous federal clients leading IT Security
Architecture, Information Assurance, Risk Management (FISMA), and Identity Access program delivery teams.
Project Manager and Security Engineer for Certification and Accreditation (C&A) of the IRS Customer Data Engine
(CADE). CADE was designed as the next generation tax reporting database to replace the 40-year IRS legacy Master
File system. Led security analysis of mainframe (RACF/DB2) procedures under contract to IRS.
